An Open Source Testing Ecosystem

"The world is changing very fast. Big will not beat small anymore. It will be the fast beating the slow" – by Rupert Murdoch 21st Century Fox. TestOnNeed is created to lead and help Entrepreneurs and organizations such as Startups and Enterprises to bring their products and solutions to the market fast to beat the slow.

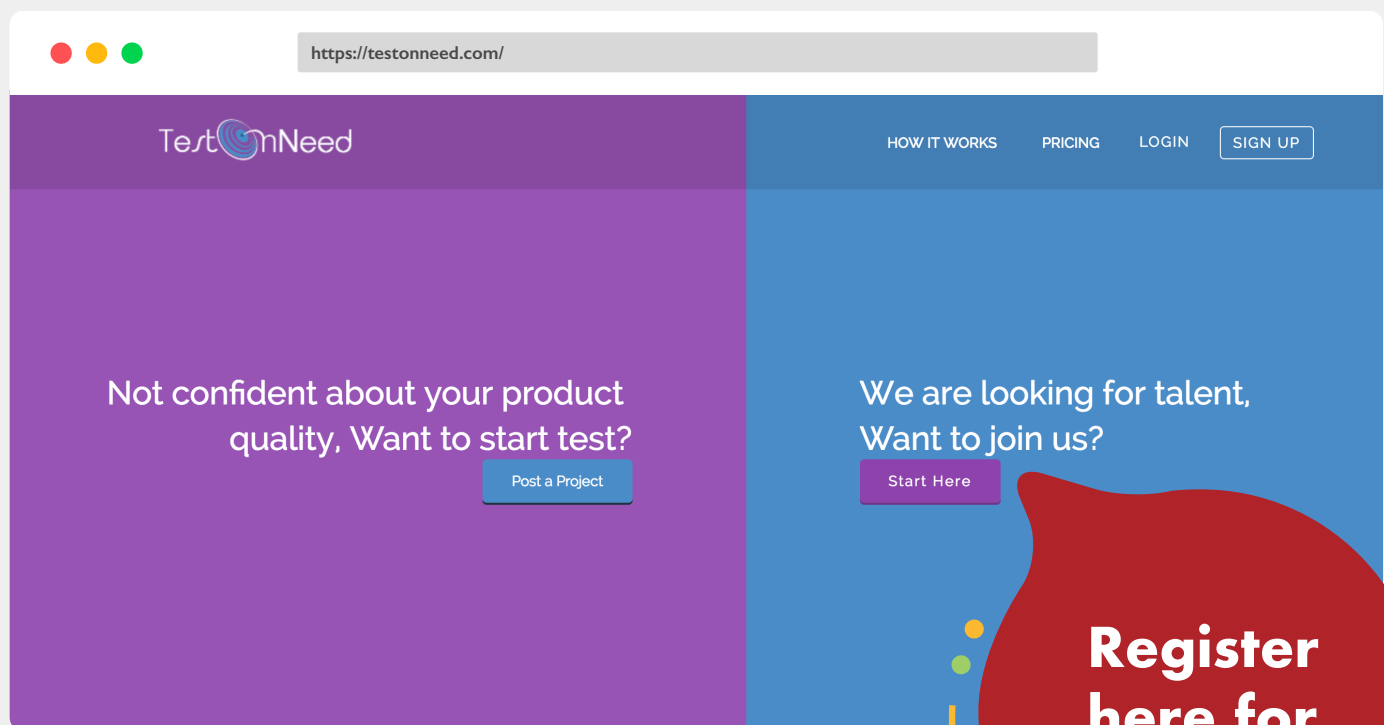

We achieve this by working on advanced technologies such as Blockchain, Artificial Intelligence (AI), Internet of Thing (IoT), Mobile Edge Computing (MEC), Network Function Virtualization (NFV) / Cloud, Augmented Reality (AR), Virtual Reality (VR) and more. We improve our customer's product development life cycle (PDLC) efficiency through automation, DevOps, and TestOps. The best of it is that we do it all using open sources and provide test solution to our customers 'On Need.'
